

## SERBIA VERTIBLE MINERS' PARADISE

COUNTRY NEEDS PERSONS WITH ENERGY TO DEVELOP MINERAL WEALTH.

BELGRADE, Serbia, May 31.—It is a country of peace and stability, of peace the Balkan state probably will take a prominent position as the world's metal-producing area, as the present conquerors who are laying plans to develop mineral resources. In antiquity, the country was the largest gold producer in Europe. Its copper mines prior to the conquest of the Balkans by the Turks, developed to a considerable extent, those exploited by French companies at Bor, netting annually as much as 60 per cent of capital invested. In recent years, the production has been confined to a rule to localities which had already worked over by the Austrians.

serbia, the deposits of arsenic exist at Jaskova. Copper ore occurs in great quantity. Most of them resemble in character and geological disposition those of Butte, Montana. The mines at Bor, notably the one known as Cokoluk, are especially rich. Ores taken from this mine are six per cent copper, which refines into 80.62 per cent copper, and gives per ton 24 to 30 grammes gold, 96 to 120 grammes silver. Invested in a capital of 5,000,000 francs. In the year 1912-13 the production of ore was 7,000 tons. Iron also is found in Serbia, especially in the northeastern parts of the country. The lack of coal and coke has in the past prevented the development of the iron and steel industry. The small output of iron ore having been transported on the Danube to points in Austria-Hungary. Before Serbia's mineral resources can be developed profitably an extension of the country's railroad system must take place. It is pointed out at present the roads are generally paved or covered by pack animals. Many of the best deposits can be reached by short, narrow-gauge lines from the Danube, so that great accessibility from this convenient waterway will not entail prohibitive investments.

**HOW'S THIS?**  
The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism, and all irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.50. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. W. W. Hall, 2924 Olive St., St. Louis, Mo.

### Colds Quickly Removed.

Many people cough and cough from the beginning of Fall right through to Spring. Others get cold after cold. Take for King's New Discovery and you will get almost instantaneous relief. It cures every cold, stops the hacking, rasping, room-redding cough, breaks the inflammation, soothes the raw tubes. Take to take Antiseptic and Hoxley get a 50c bottle of for King's New Discovery today. It is certainly a great medicine and I keep a bottle of it continually on hand," writes W. C. Jessemann, Philadelphia. N. H. Moxley back it not satisfied.

### WM. BOYCE DECIDES TO ENTER CONTEST

Announcement was made yesterday by friends of Wm. Boyce that he had reached a decision to enter the race for complete justice of the peace, judge of civil appeals in Amarillo. This statement was the result of much pressure among the friends of Mr. Boyce who have from the first intimation that Judge Henderson would not succeed himself, urged him to get into the contest. Additional circulation was also given to the announcement when they received from the afternoon Fort Worth & Denver train a document bearing the endorsement of the entire bar at Dallas. This is considered in the light of a very pretty and substantial compliment especially in view of the fact that the endorsement of endorsement was on its way to Amarillo before Mr. Boyce gave final answer to his supporters. It is stated that formal announcement of the candidacy of Mr. Boyce will be made within a short time. In the meantime his friends are actively engaged on the preliminary work of his campaign.
